

**SANTANDER BRASIL RIDE ESPINHAÇO
GENERAL RACE RULES**

LAST UPDATED 04/16/2022

A) PREAMBLE AND INTRODUCTION TO THE RULES

1) PREAMBLE

Brasil Ride Espinhaço (“competition”) is a mountain bike ultramarathon played in stages composed by teams of one, two or three cyclists, amateurs or professionals, which is accredited by the International Cycling Union (UCI) S1 class and Brazilian Cycling Confederation class 1. The teams have to run together all the way taking care of themselves and their equipment.

2) STRUCTURE AND APPLICABILITY OF THE RULES

2.1 The rules of the race (“the rules”) are divided into two categories, namely those which are applicable to all riders (set out in section B below), and additional rules, which are applicable only to UCI pro-elite category riders (specific regulations).

2.2 The rules set out below are intended to be definitive and complete. Unless the rules specifically incorporate rules or regulations of any governing body of cycling (i.e. the UCI anti-doping regulations), such rules and regulations will not be applicable to the race.

2.3 Failure to comply with any of the rules will result in a penalty, which could include a rider’s disqualification in certain circumstances. The various categories of penalties are set out in section B below.

2.4 The interpretation of any rule by the President of the Commissaries will be final and binding on all race participants.

2.5 Should there be any inconsistency between a general rule set out in section B and a rule applicable to UCI Open category riders set out in the specific regulations, the rule set out in the specific UCI regulations will apply to UCI pro-elite category riders to the exclusion of the rule in section B.

13.4 Timing will start with the start time each morning

13.5 The start line will remain open for 15 minutes after the start time.

Any teams which fail, or are qualified as incapable to reach the cut-off points - in the opinion of the race organizers and stewards, will be prevented from continuing to ride, be swept from the course and classified as DNF (did not finish) for that stage.

14.5 The maximum stage time allowed for each stage of the race will be the greater of the maximum stage time advertised and 2x the winning time (i.e. if the winning time is more than half of the maximum stage time communicated at the race briefing, the maximum stage time allowed will automatically be adjusted to 2x the winning time). If applicable, the adjusted maximum stage time will be signposted at the final water point on the stage once the winners have crossed the finish line.

14.6 The organizers of the race may - at any time - impose additional cut-off points for safety reasons. The provisions of this rule will apply to riders who have not yet reached the designated cut-off point within the allocated time or, in the sole opinion of the race organizers and stewards, will not reasonably be able to do so. Should less than three teams have finished in any category at the time of cancelling, the stage will not constitute an official stage and will be disregarded for purposes of the overall results.

16.3 Where an cancelled stage will count towards the overall results, riders who are on the course at the time of cancelling the stage will be allocated a stage time based on a percentage of the category winner's time.
